required to do. I further state that there  
is no other Mill in the section of Country  
where this Mill is located and unless said  
Robertson can be detailed to run this  
mill it must stop, and great inconvenience  
will be the consequence. I therefore most  
respectfully ask that said William M.  
Robertson be detailed from the Army to  
run and manage said Mill as a public  
necessity
